In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions.

If the Contractor fails to remedy to SCTA's satisfaction the breach or default or any of the terms, covenants or conditions of the Contract during the period given to cure the defect, SCTA shall have the right to terminate the Contract without any further obligation to the Contractor. Any such termination for cause shall not in any way operate to preclude SCTA from also pursuing all available remedies against the Contractor and its sureties for said breach or default.

- D. Waiver of Remedies for any Breach. In the event SCTA elects to waive its remedies for any breach by the Contractor of any covenant, term or condition of this Contract, such waiver by SCTA shall not limit SCTA's remedies for any succeeding breach of that or of any other covenant, term or condition of this Contract.
22. PROTEST AND APPEAL PROCEDURES: SCTA has Protest Procedures that are in compliance with 2 CFR Part 200.318(k) and applicable FTA guidelines. SCTA's Protest Procedures are described in the solicitation documents provided for this procurement.

For any contract and subcontract exceeding \$25,000, the contractor and subcontractor shall submit a debarment and suspension certificate or an explanation as to why the signed certification cannot be provided. (See Certificate 6)

The certification is a material representation of fact upon which reliance was placed when the transaction was entered into. If it is later determined that the contractor or subcontractors knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, SCTA may pursue available remedies, including suspension and/or debarment. The contractor or subcontractors shall provide immediate written notice to SCTA if at any time the contractor or subcontractors learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

24. RESOLUTION OF DISPUTES:

 - E. Rights and Remedies - The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by SCTA or its representative shall constitute a waiver of any right or duty afforded any of them under the contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.
25. LOBBYING: Section 1352 of Title 31, U.S. Code provides in part that no appropriated funds may be expended by the recipient of a Federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, an employee of a Member of Congress or a member or employee of a State legislature in connection with any of the following covered Federal actions: the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement. Pursuant to Department of Labor regulations, the Contractor and its subcontractors shall comply with the following provisions for any construction contract in excess of \$2,000.00 for the actual construction, alteration and/or repair, including painting and decorating, of a public building or public work.

A) MINIMUM WAGE:

- 1) All laborers and mechanics employed or working upon the site of work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the Project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act, 29 C.F.R. Part 3), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at the time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide benefits under Section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics subject to the provisions of 29 C.F.R. 5.5(a)(1)(iv); also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs that cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided at 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein; provided, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under 29 CFR Part 5.5(a)(1)(ii)) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the Contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

- 2) a. The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

1. The work to be performed by the classification requested is not performed by a classification in the wage determination; and
 2. The classification is utilized in the area by the construction industry; and
 3. The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.
- b. If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington D.C. 20210. The Administrator, or an authorized representative, will approve, modify or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30 day period that additional time is necessary.
 - c. In the event the Contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and the wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.
 - d. The wage rate (including fringe benefits where appropriate) determined pursuant to 29 CFR 5.5(a)(1)(v)(B) or 29 CFR 5.5 (a)(1)(v)(C) shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.
- 3) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.
 - 4) If the Contractor does not make payments to a trustee or other third person, the Contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, provided, that the Secretary of Labor has found, upon the written request of the Contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.
- B) WITHHOLDING: SCTA shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the Contractor, under this agreement or any other Federal contract with the same prime contractor, or any other Federally assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same Prime Contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees and helpers, employed by the Contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, SCTA may, after written notice to the Contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any

further payment, advance or guarantee of funds until such violations have ceased.

C) PAYROLLS AND BASIC RECORDS:

- 1) Payrolls and basic records relating thereto shall be maintained by the Contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in Section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR.5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in Section 1(b)(2)(B) of the Davis-Bacon Act, the Contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual costs incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.
- 2) a. The Contractor shall submit weekly for each week in which any contract work was performed a copy of all payrolls to SCTA for transmission to FTA. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 C.F.R. § 5.5 (a)(3)(i). This information may be submitted in any form desired. Optional form WH-347 is available for this purpose and may be purchased from the Superintendent of Documents (Federal Stock No. 029-005-00014-1), U.S. Government Printing Office, Washington D.C. 20402. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors.
- b. Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the Contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:
 1. That the payroll for the payroll period contains the information required to be maintained under 5.5 (a)(3)(ii) of Regulations, 29 CFR Part 5, the appropriate information is being maintained under 5.5 (a)(3)(i) of Regulations, 29 CFR Part 5, and that such information is correct and complete.
 2. That each laborer or mechanic (including each helper, apprentice and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth at 29 C.F.R. Part 3.
 3. That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.
- c. The weekly submission of a properly executed certification set forth on the reverse side of optional form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by 29 CFR 5.5 (a)(3)(ii)(B).
- d. The falsification of any of the above certifications may subject the Contractor or subcontractor to civil or criminal prosecution under section 1001 of Title 18 and section 231 of Title 31 of the United States Code.

- 3) The Contractor or subcontractor shall make the records required under 29 CFR 5.5 (a)(3)(i) of this section available for inspection, copying or transcription by authorized representatives of SCTA or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the Contractor or subcontractor fails to submit the required records or make them available, SCTA may, after written notice to the Contractor, sponsor, applicant or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or make such records available may be grounds for debarment actions pursuant to 29 CFR 5.12.
- D) APPRENTICES AND TRAINEES:
- 1) APPRENTICES. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a state apprenticeship agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the by the Office of Apprenticeship Training, Employer or Labor Services or a state apprenticeship agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the Contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a Contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the Contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at nor less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeyman's hourly rate specified in accordance with the provisions of the apprenticeship program. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator of the Wage and Hour Division of the U.S. Department of Labor determines that a different practice prevails for the applicable apprentice classification, fringe benefits shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a state apprenticeship agency recognized by the Office withdraws approval of an apprenticeship program, the Contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.
- 2) TRAINEES. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified

in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination that provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the Contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

- B) **VIOLATION; LIABILITY FOR UNPAID WAGES; LIQUIDATED DAMAGES:** In the event of any violation of the requirements of 29 CFR 5.5 (b)(1), the Contractor and any Subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such district or to such territory) for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic including watchmen and guards, employed in violation of 29 CFR 5.5 (b)(1) in the sum of \$31 for each calendar day on which such individual was required or permitted to work in excess of the standard work week of forty hours without payment of the overtime wages required by 29 CFR 5.5 (b)(1).

CONTRACTOR INTEGRITY

It is essential that those who seek to contract with the South Central Transit Authority (“SCTA”) observe high standards of honesty and integrity. They must conduct themselves in a manner that fosters public confidence in the integrity of the SCTA procurement process. In furtherance of this policy, Contractor agrees to the following:

1. Contractor shall maintain the highest standards of integrity during the performance of this agreement and shall take no action in violation of state or federal laws or regulations, or other requirements applicable to the Contractor or that govern contracting with the Commonwealth of Pennsylvania (“Commonwealth”) and/or SCTA.
2. Contractor, its affiliates, agents and employees shall not influence, or attempt to influence, any SCTA or Commonwealth employee to breach the standards of ethical conduct for employees or to breach any other state or federal law or regulation.
3. Contractor, its affiliates, agents and employees shall not offer, give, or agree or promise to give any gratuity to a SCTA or Commonwealth official or employee or to any other person at the direction or request of any SCTA or Commonwealth official or employee.
4. Contractor, its affiliates, agents and employees shall not offer, give, or agree or promise to give any gratuity to a SCTA or Commonwealth official or employee, the acceptance of which would violate the applicable code of conduct or any statute, regulation, statement of policy, management directive or any other published standard of SCTA or the Commonwealth.
5. Contractor, its affiliates, agents and employees shall not, directly or indirectly, offer, confer, or agree to confer any pecuniary benefit on anyone as consideration for the decision, opinion, recommendation, vote, other exercise of discretion, or violation of a known legal duty by any official or employee of SCTA or the Commonwealth.
6. Contractor, its affiliates, agents, employees or anyone in privity with him or her shall not accept or agree to accept from any person, any gratuity in connection with the performance of work under the contract, except as provided in the contract.
7. Contractor shall not have financial interest in any other contractor, subcontractor or supplier providing services, labor, or material on this project, unless the financial interest is disclosed to SCTA in writing at the time of bid or proposal submission and SCTA consents to the Contractor’s financial interest prior to SCTA execution of the contract.
8. Contractor, its affiliates, agents and employees shall not disclose to others any information, documents, reports, data, or records provided to, or prepared by, Contractor under this contract, or secured by Contractor from a third party in connection with the performance of this contract, without the prior approval of SCTA, except as required by the Pennsylvania Right-to-Know Law, 65 P.S. §§ 67.101-3104; necessary for purposes of Contractor’s internal assessment and review; or otherwise required by law.
9. Contractor certifies that neither it nor any of its officers, directors, associates, partners, limited partners or individual owners has not been officially notified of, charged with, or convicted of the commission of embezzlement, theft, forgery, bribery or destruction of public records; commission of fraud or other improper conduct associated with obtaining, attempting to obtain or performing a public contract; violation of any federal or state law regulating campaign contributions; violation of any federal or state environmental law; violation of any federal or state law regulating hours of labor, minimum wage standards or prevailing wage standards, discrimination in wage, or child labor violations; violation of any federal or state law prohibiting discrimination in employment; debarment by any agency or department of the federal government or by any other state. Contractor acknowledges that SCTA may, in its sole discretion, terminate the contract for cause upon such notification or when SCTA otherwise learns that SCTA has been officially notified, charged or convicted.
10. Contractor shall comply with requirements of the Lobbying Disclosure Act, 65 Pa.C.S. § 13A01 et seq.,

and the regulations promulgated pursuant to that law.

11. When Contractor has reason to believe that any breach of ethical standards as set forth in law or in these provisions has occurred or may occur, Contractor shall immediately notify the SCTA contracting officer in writing.
12. Contractor, by submission of its bid or proposal and/or execution of this agreement and by the submission of any bills or invoices for payment pursuant to the contract, certifies and represents that it has not violated any of these contractor integrity provisions with the submission of the bid or proposal, during any contract negotiations or during the term of the contract.
13. Contractor shall cooperate with the Lancaster County Controller or the Office of State Inspector General in its investigation of any alleged SCTA or Commonwealth employee breach of ethical standards and any alleged Contractor non-compliance with these provisions. Contractor agrees to make identified Contractor employees available for interviews at reasonable times and places. Contractor, upon the request of the Controller or the Inspector General, shall provide or make promptly available for inspection and copying, any information of any type or form deemed relevant by the Controller or the Inspector General to Contractor's integrity and compliance with these provisions. Such information may include, but shall not be limited to, Contractor's business or financial records, documents or files of any type or form that refers to or concern this contract.
14. For violation of any of the above provisions, SCTA (or Commonwealth, if applicable) may terminate this and any other agreement with the Contractor, claim liquidated damages in an amount equal to the value of anything received in breach of these provisions, claim damages for all additional costs and expenses incurred to debar and suspend the Contractor from doing business with SCTA or Commonwealth. These rights and remedies are cumulative, and the use or no-use of any one shall not preclude the use of all or any other. These rights and remedies are in addition to those SCTA and the Commonwealth or SCTA may have under law, statute or regulations.
15. For purposes of these Contractor Integrity Provisions, the following terms shall have the meanings found in this paragraph:
 - a. "Confidential information" means information that is not already in the public domain; is not available to the public open request; is not or does not become generally known to the Contractor from a third party without an obligation to maintain its confidentiality; has not become generally known to the public through an act or omission of the Contractor; or has not been independently developed by Contractor without the use of confidential information of the Commonwealth of Pennsylvania or SCTA.
